***Treatment Authorization***

**Emergency Medical Services:**

Our Patient Care Department provides care for Hospitalized pets as well as Medical Boarders. We are looking forward to your pet staying with us. We want to make sure you are aware that we are unable to guarantee that we will have nursing staff to watch over your pet 24/7. We are only currently medical boarding pets that are able to be by themselves unattended for up to 8 hours.

One of the advantages of medical boarding your pet at Bishop Ranch Veterinary Center & Urgent Care (BRVC) is that veterinary attention is readily available if the need should arise. Should your pet become ill, BRVC will try to contact you to inform you of your pet's condition and any recommended treatments. An estimate for any proposed services will be provided. Payment of all fees is due upon discharge.

**In case BRVC is unable to reach you during such an event, please select the limit of medical costs not to be exceeded until you can be reached and confirm any costs:**

- \$50-\$150
- Up to \$500
- Other \_\_\_\_\_

**I understand that my pet's treatments will be based off of the information provided above. If there are any changes to my pet's treatment or care, I will inform the BRVC staff.**
